Scattering garden - brief discussion about how to mark it out - granite posts? Ken can get some at a good price. Can we get them in the ground? Alison and Lillie will go look at one in Concord before the next meeting, and then we'll go look at our area after the May meeting. Alison will write up a one page for review to take to a selectman meeting so that they are aware of our plan.

Ken would like to think about planting new trees where we've taken some down. He'll talk with the landscaper about the best kinds of trees for maintenance. Also Geoff Jones would be a good person to get advice on trees (he's a Forrester)
