REQUEST FOR QUALIFICATIONS (RFQ)

Forest Rd Bridge project
State Project #:44523
Federal Project #: X-A005(517)

The Town of Acworth, NH requests interested engineering firms to submit qualification statements for engineering study, preliminary design, final design, bid phase services, and engineer of record services for the Forest Road Bridge projects – State Project # 44523.

The purpose of this project is to replace the Forest Road Bridge over Great Brook (Br. #105/035 in the Town of Acworth).

Firms listed on the NHDOT LPA Pre-Qualified Preliminary Engineering Firm list are invited to provide a qualification statement which includes the following information:

- Company overview
- Resumes of key staff
- Consultants who may be used
- Experience with similar projects, including bridge design, geotechnical analysis, hydraulic and hydrology studies, roadway design, utility coordination and environmental policy act (NEPA) compliance.
- NHDOT LPA certification
- Experience with State and Federally funded projects
- Availability to perform the work within the desired timeframe
- References

A technical proposal including project understanding and project approach is not required at this time and will not be reviewed if submitted.

A shortlist of firms will be developed, and those firms will be interviewed. The Town will rank firms based on qualifications and past experiences only.

The Town of Acworth intends to proceed under the NHDOT LPA program with funds approved by the Town, State, and Federal governments. Design is to be completed by September 2025.

Qualification packages (5 copies) are to be delivered to the Town no later than 3:00PM, Thursday, November 2, 2023. Packages are to be addressed to:

Town of Acworth, Town Administrator
PO BOX 37
Acworth, NH 03601
